### **Series rules**

1. This is a point accumulator final. Qualifying runs are held in the October through to the January shows.
2. Points will be awarded at each competition in the qualifying rounds. For example 20<sup>th</sup> place = 1point up to 1<sup>st</sup> place = 20 points. These classes are clearly marked with a 'Q' on the schedule and *only* these classes will count towards the final.
3. The final will be held at the march 3rd 2012 show.
4. The top 10% from each category will be invited to compete in the final.
5. The final will be over one round of **JUMPING**
6. All Grade 1-2 dogs to compete over the same course
7. All Grade 3-5 dogs to compete over the same course
8. All Grade 6-7 dogs to compete over the same course
9. The winner of each category (Small, Medium and Large) will be awarded the Series Trophy.

### **Magic Mutts Any Size Rules**

1. This is a point accumulator final. Qualifying runs from the October through to the January shows.
2. Points will be awarded at each competition. For example 20<sup>th</sup> place = 1point up to 1<sup>st</sup> place = 20 points
3. The top 10% will be invited to compete in the final.
4. The final will be run over a jumping course with no weaves.
5. The final will be held at the March 3<sup>rd</sup> 2012 show.

### **The 'Laser' Knockout Pairs Rules**

The 'Laser' knockout pairs is a fun competition, sponsored by Blair and Jenny Willis in memory of Laser (Fels Magic Laser), who really loved competing in the knockout pairs competitions.

1. The class will be open only to large dogs which are eligible to compete at Large Grades 3,4,5,6 and 7.
2. There will be eight qualifying heats. The top four pairs from each heat will qualify for the Final, which will take place at Dashin' Dogs summer show in 2012. Once a pair has qualified for the final, they may not run in further heats for the final which they have qualified for.
3. Handlers may enter more than one pair. Dogs may only compete in one pair in any heat. If a handler has entered more than one pair and is drawn to run against themselves, they may nominate another handler to run one of the dogs, that handler must then continue to run the dog for the rest of the heat and if they qualify for the final, they must run the dog in the final. Alternatively the handler can nominate which pair should continue in the heat.
4. The pairs will compete against each other over two similar courses. There will be a judge for each course. There will be a baton change between the first and second handler which must take place behind a line, failure to do so will incur 100 faults. Time and faults will be added together and the winning pair will be the one with the lowest time. The judges' decision will be final.
5. The course will consist of 10 obstacles ,made up of jumps, tunnels and weaves (6 poles) only. Normal marking will apply. If a dog is eliminated, it will incur 100 faults. Should both pairs be eliminated, the pair which was eliminated first will lose.
6. The winning pairs from each round will go through to the next round until there is only one pair remaining.
7. Pairs will be issued with a running order which must be strictly adhered to. Pairs failing to run when due will be knocked out and the other pair will go through to the next round.
8. Only handlers and dogs originally entered may compete at the final (except in the case of rule 3). Any changes are at the organisers' discretion.

The winners and runners up for each heat will receive a trophy and rosettes will be presented to the last 8 pairs.

## Show Rules:
